

Common Sense Leadership for Common Sense Reform!

Next year, Minnesota lawmakers are expected to face a \$2 billion budget deficit and the liberal politicians will try to raise taxes rather than making tough decisions.

My opponent supported the reckless spending that erased the state's \$1 billion surplus and created a \$2 billion budget deficit. She also voted to raise a multitude of taxes. This irresponsible spending is costing Minnesotans as taxes increase and more jobs leave the state.

The Anderson Family

Fiscal Responsibility: In this challenging economy with a rapidly increasing cost of living, raising taxes is the last thing politicians should be doing to Minnesotans. Diane Anderson will stand up to the tax increase politicians at the Capitol and advocate fiscal responsibility by prioritizing spending.

Affordable Health Care: To lower health care costs, Diane Anderson will work to change tax and regulatory policies that are driving up the cost of health insurance. Diane supports patient-centered health care reforms and increasing competition in Minnesota's health insurance market.

ABOUT DIANE

- Small business owner
- Eagan homeowner since 1989
- Citizen advocate at the Minnesota Legislature for 19 years
- Past Member, MN Department of Human Services Child Support Guidelines Task Force
- Past Member, MN Supreme Court Visitation and Child Support Enforcement Task Force
- Member, Cedar Valley Church
- Active church and school volunteer
- B.S., Housing, University of Minnesota

DIANE'S PRIORITIES

Quality Education: Diane Anderson believes Minnesota's education funding formula must be fixed so that it is fair to suburban schools. Diane will focus state education funding on classroom expenditures and ensure accountability for every dollar spent.

Job Creation: Diane Anderson will work for state tax policies that encourage job creation and economic growth. Diane will oppose wasteful spending and costly mandates that hurt small business and are passed onto working families as higher prices and job cuts.
